## ANNOUNCEMENT – July 2011

# New Environmental Logistics Office – Roma, QLD

The ALS Environmental Division is pleased to announce the opening of an **Environmental Logistics Office in Roma, Queensland.**

**Renee Jury** has been appointed to the position of **Regional Logistics Representative** and will be located at the ALS Industrial Division site in Roma.

The ALS Roma site includes a purpose built storage and dispatch facility for the provision of sample containers and eskies to clients working in the region as well as providing a local drop-off point for samples to be directed to the ALS network of Laboratories.

The provision of this service has been recognised as of significant importance to our clients operating in regional Queensland.

The ALS Roma logistics office can assist with;

- The provision of sample containers and eskies for your project needs
- Management of logistics and transportation of samples to the ALS Brisbane laboratory
- A resource with local knowledge of the Roma region to assist with logistical queries
- Client Services support

Please feel free to contact the Environmental Roma office for assistance;

**Address:** ALS Environmental  
Lot 4, 73 Beaumont Dr  
Roma, QLD 4455
